JUST AN ILLUSION		

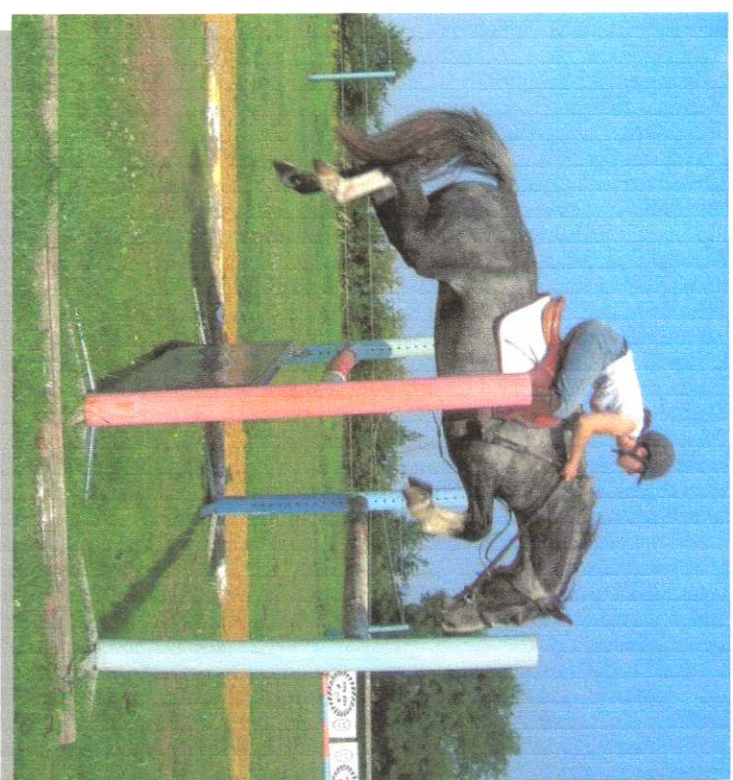

Just The Business' sire is *Woodland What A Business* (Grade A International show jumper) by the famous *It's the Business* (Grade A International show jumper). He has inherited all of his sire's and grandsire's bravery, ability and scope, but with the "pony" brain.

His dam is an International JA Connemara pony with scope to spare, so this makes him a unique combination to produce top class competition ponies.

Just The Business is available by Natural Covering and AI in 2005
